RED CROSS FUND EXCEEDS THE QUOTA

CONSIDERABLY LESS THAN
LAST YEAR.

TOTAL AMOUNT IS \$3,342.70

Quota Was \$2,000; Few Citizens Declined to Contribute; 532 Persons Subscribed Various Amounts, Holly Sugar Corp. Being Largest.

The drive for the second Red Cross war fund has closed, and John Kellie McDonald, who acted as secretary for the committee having the campaign in charge, reports the total as being \$3,342.70, or \$1,342.70 more than the quota set aside by the county committee, the sum asked being an even \$2,000. Trustee Joseph Vavra was general chairman of the campaign, and he and his assistants are to be congratulated for the good work accomplished in such a short time.

There are 532 contributors toward the mercy fund, and few have been reported as being unpatriotic enough to decline to assist in the great humanitarian work—that is, those who can afford to do so. It is a regrettable fact, however, that there are a few individuals who can well afford to buy bonds and donate to the Red Cross work who have refused to do so. No person enjoying the protection of this government can offer any good excuse for not aiding it in winning this war for the freedom of mankind and banishing militarism from the face of the earth. There is only one conclusion to be drawn, and that is they favor the kaiser; otherwise they would willingly contribute toward his defeat.

The captains having charge of the work were: Factory district, A. M. O'Brien, assistant general manager of the Holly Sugar Corporation; city of Huntington Beach, F. H. McElfresh; Talbert district, J. G. Parsons.

The total for the factory district was \$850; Talbert, \$241.00; City of Huntington Beach, \$2,251.70.

There were six teams in the city having charge of the work who collected the following amounts:

Team No. 1—H. T. Dunning, Dr. Shank, W. M. Adair; First to Fourth streets, inclusive, except business district, \$57.

No. 2—A. W. Griffith, Judge Warner, Harold H. Campbell; Fifth to Ninth streets, inclusive, \$301.30.

No. 3—R. C. Turner, G. F. Bentley, G. S. Bergey; Tenth to Fourteenth streets, inclusive, \$184.30.

No. 4—H. V. Anderson, Mrs. John P. Moore, C. S. Bundschuh; Fifteenth to Twenty-third streets, inclusive, \$604.30.

No. 5—C. E. Lavering, Trustee Richard Drew; business, \$961.

No. 6—Chas. R. Nutt, V. B. Brown, Mrs. Rose Rafferty; east side, \$143.80.

The amount collected by No. 4 includes \$434.43 subscribed by the High school, to be credited as follows: Huntington Beach, \$305.29; Wintersburg, \$86.63; Bolsa, \$17; Westminster, \$84.50; Newport Beach, \$31.01; Seal Beach, \$10.

There were 30 Japanese in the Talbert district who contributed \$57 and 45 in Wintersburg \$105.50, the work being handled by Tom Terada.

DONATES POTATOES TO THE RED CROSS.

W. S. HILL IS THE GENEROUS
GROWER.

W. S. Hill, known as one of the progressive growers north of the La Bolsa tile factory, has donated a portion of his potato crop to the Red Cross.

The tubers are in the ground and the Red Cross will dig them and market them to the stores. It is estimated there are about 70 sacks, and Mr. Hill is to be congratulated upon his generosity.

A BLIND PIG IN HUNTINGTON BEACH.

NO ATTEMPT BEING MADE TO
SUPPRESS IT.

A "blind pig" has been located in Huntington Beach. Although it has been known that the sightless swine has been here for several days, City Marshal John Tinsley, reputed to be one of the most efficient marshals in this section of the state, has made no attempt to suppress it. Judge Copeland, president of the First National Bank, whom everybody has declared to be a righteous man, has known of the presence of this visionless hog since its inception, and not only has failed to report the case to the proper authorities but is actually recommending that the citizens of Huntington Beach patronize it. No one would have ever suspected these two men of such conduct. Sad, but true.

Now, do not get excited when it is said that the worst is yet to come. All of the ministers, preachers and pastors of Huntington Beach have patronized this pig; consequently, there should be no objection to the average citizen doing so if he or she should feel inclined to do so, and no doubt most of them will before it has been closed.

Another surprise is in store for you, when it is said that a well-known woman of this city is responsible for the pig, being Mrs. Mary McCain, president of the Woman's Auxiliary of the Southern California Veteran Association.

Mrs. McCain happened to tell Judge Copeland all about the Bean Day program at the encampment of the veterans, a few days ago. She stated that the money for the beans was raised by "slaughtering" the pigs—the pigs being of china, and were filled with small change, and opened by breaking when the money is required to purchase the beans—and Judge Copeland suggested that one of the pigs be placed in the bank, so that the people of Huntington Beach could have a chance to contribute to the fund.

The pig is located on a table in the lobby of the bank, where it is convenient for all who desire to donate some of their small change.

CAMPAIGN FOR SALE OF WAR SAVINGS STAMPS

WILL TERMINATE THURSDAY,
JUNE 28TH.

There will be a big campaign on next month for the sale of War Savings Stamps, which will end Thursday, June 28, when it is hoped that the quota for Southern California will have been subscribed. The authorized issue of stamps is said to be \$2,000,000. Basing the quota for the stamps on that of the Third Liberty Loan drive, the allotment for this district would be \$18,167.

It has been said that the quota would be \$20 per capita, and in that event the amount for this city would be at least \$30,000. Postmaster DeLapp reports sales to date of \$4,145.50.

"BILLY" KESEMAN WRITES FROM TEXAS FIELD.

HE IS ENJOYING THE AVIATION
SERVICE.

The following is a portion of a letter written by William Keseman, Jr., now in the aviation service at Ellington Field, Texas, to his parents, Mr. and Mrs. William Keseman of Orange. The family formerly resided at Wintersburg, and "Billy" has legions of friends in this vicinity. The letter follows:

I am as busy as the proverbial bee now—gunnery practice all day, then fly at night. Last night I was up 14,000 feet, and it was the most wonderful ride I ever had. The moon was high in the sky and not a cloud anywhere. I could see for miles, and when we were over the lights were mere pin points. It seemed as though I was in another world. The night air, the feeling of security, the joy of handling a good ship and knowing I was complete master of it, all gave me a feeling that cannot be expressed in words. The beauty of a moonlight night on the ground is incomparable with a night in the air. When we came down the long row of hangar lights, it gave me a feeling of peace and longing that almost made me hate to come to earth.

Next week 50 of us are going to for aerial gunnery. It will be the real thing, and the way we do it and the amount we learn will decide whether we will return from "over there." I for one will work hard, for I intend to be a better shot than the fellow who shoots at me. Am averaging 20 clay pigeons out of 25, and still working to improve.

It is getting hot now, so we sit up half of the night and spin yarns whenever we have a chance and are not flying.

In one of his other letters he relates some of his thrills while on a bombing raid:

The feeling of the air is intense—so much so the joy of it makes one feel detached. The horrible brute force of a — horsepower motor taking you along at 110 miles per hour and to know you are master of it; to just hear the roar of the engine makes one want to get up and go. Our speed was so great it seemed only a short time before we were up 11,000 feet. The ground looked small, then we came to another world. We were flying over clouds, but they were also far below us. To say that it was beautiful is a poor description. It was wonderful, and we were going 140 miles per hour at least. We were all tired and hungry when we came in, but several hours of work like this is worth that any time with me.

Billy also states he has had his first accident. Last week while landing he bumped his head on the windshield and cut a gash about one inch on his forehead, but is very much alive he writes. He experienced one thrill—coming down 3000 feet before he could right his plane. He says it is all in the game and sure is worth it, and is trying hard to do his "bit" to help Uncle Sam.

TEN YEARS AGO

The Following Items Appeared In the
Huntington Beach News of
May 29, 1908.

A notable event in the history of the Woman's Club occurred last Monday night at the home of Mrs. S. L. Blodgett, when members entertained their husbands. Progressive games were enjoyed and prizes were won by Mrs. M. D. Rosenberger and Mrs. Edwin Royle, although the latter had to win a tie from Mrs. C. H. Howard and Mrs. C. R. Nutt. Rush and Ward Blodgett played some charming plantation melodies on the guitar and harmonica, Mesdames Horne, Blodgett and White-side rendered a sweet lullaby, Mrs. Horne a vocal solo and Cash Ramsey and Rush Blodgett a duet. Mrs. Cash Ramsey acted as accompanist. It was the first time the club had found a "spider web" in Mrs. Blodgett's home, and all assisted in unraveling it. Some of the ladies found a man at the end and some a candy heart. Mr. and Mrs. Blodgett proved themselves a cordial host and hostess, and were unremitting in their efforts to contribute to the pleasure of their guests.

The machinery for the Reynolds wave motor arrived yesterday and will be placed at the foot of Main street.

GRAMMAR SCHOOL PAGEANT BIG SUCCESS

IN CIRCLE PARK FRIDAY
AFTERNOON.

THE DECORATIONS WERE FINE

Splendid Program of 12 Num-
bers Rendered; Children
Show Good Training; Fac-
ulty Entitled to Credit.

The annual May Festival given by the Grammar school in Circle park, Friday afternoon of last week, was no doubt far beyond the expectations of most of those who witnessed the enjoyable occasion.

The new decorations belonging to the Chamber of Commerce were displayed for the first time, and added considerably to the attractiveness of the little park, being strung between some of the large trees.

The pupils were dressed to represent various flowers, birds and Indians, and the general appearance reminded one of a real fairyland.

Those costumed as sunflowers, perhaps, presented the most striking appearance, especially to those who formerly resided in the state of Kansas, with the little scarlet poppies a close second. The festival was a big improvement over last year, and was easily the best affair of the kind ever given here.

There is an awfully lot of work required and some expense in staging such events, and those of the faculty upon whom the burden fell are entitled to the gratitude of the community, as such exercises are of inestimable value to the students.

Edna Warner, daughter of Mr. and Mrs. Irvin C. Warner, was crowned the May Queen, and assumed a queen-like attitude upon her throne during the remainder of the exercises.

The number known as "Our New May Basket" was a patriotic one, carrying a splendid lesson, and culminated in the crowning of the book, Louise Copeland, who occupied a seat on the throne with Queen Edna I.

The piano accompanists were Miss Davenport, Miss Pickrell, Mildred Moore and Miss Irene Hodge. The program follows:

Society and Personal

Card Party.

One of the social events of the season was the card party given by the Woman's Club in the club house, Tuesday evening, for the benefit of the Red Cross. Mrs. H. L. Heffner, president of the Red Cross, had charge of the sale of tickets and the receipts totaled \$21.75. Chas. H. Endicott donated four tickets for the Princess theatre, and M. A. McCreery sold tickets for a chance on winning two of them for 10 cents each, which netted \$6. The tickets were won by Miss Thelma Price and James J. Hunt. Five hundred and bridge were enjoyed for two hours, and prizes for bridge were won by Mrs. C. H. Thatcher and W. E. Gerhart, and at 500 Mr. McCreery and Mrs. P. W. Hallicy were the successful players. Nora Davey, the little 7-year-old Canadian friend of Mrs. Endicott, favored those present with a dance, which was well performed for one of her age, showing a natural inclination for the stage. The evening was thoroughly enjoyed and the net proceeds will be about \$25. The following attended the pleasant function: Mr. and Mrs. C. A. Johnson, Mr. and Mrs. A. M. O'Brien, Mr. and Mrs. C. H. Woman's Club.

The meeting of the Woman's Club at the home of Mrs. G. A. Shank, Tenth and Ocean, Tuesday afternoon, was well attended. The roll call by Mrs. Catching showed a larger number of members present than usual. The feature of the meeting was the address of Mrs. Alba J. Padgham of Santa Ana, chairman of the music committee of the Federated clubs of California, who is an able talker and one whose general attitude reflects sincerity. Mrs. Padgham told of her experience at the various cantonments where the Liberty boys are being trained for service, telling of the great service that the Y.M.C.A. is doing. She predicted that the Young Men's Christian Association would be more highly appreciated in the future than in the past on this account. Mrs. Padgham told of the wonderful effect that music has on the men in the army, how it revives them after the fatigue following long marches. She believed that the great influence of music on the vast number of men in the service will make America a musical nation after the war. Mrs. Padgham is an accomplished pianist, and sang, playing her own accompaniment. The other numbers of the program were vocal solos by Mrs. Clara Castleton Wolfe, accompanied by Miss Frances Douthitt, which were enjoyed by all. Mrs. Geo. O. Franklin, chairman of the legislative committee, read a list of the eight propositions to amend existing laws that are being considered by the clubs of the state, and recommended that the club act favorably upon the amendments offered for the community property law, the jury law, and the increasing the allowance for pupils in the elementary schools from \$15 to \$17.50 per capita. Mr. Farmer and Rancher:

Implement Sheds—Implement Sheds

All over the country the farmers are taking to heart the advice of Secretary of Agriculture Houston to build sheds to protect their farm implements.

The marked advance in prices of all agricultural implements has at last proved to the farmer that to leave any machinery out in the weather is simply

throwing good money away.

We would be pleased to have you call and let us show you what we have to build this shed.

Church Notices.

METHODIST: Sunday school, 10 a. m.; preaching, 11 a. m.; Epworth League, 8 p. m., Mrs. J. Snyder, leader. Prayer meeting every Thursday 8 p. m.

PRESBYTERIAN: Sunday school, 10 a. m.; preaching, 11 a. m.; Christian Endeavor, 6:30 p. m. Leader, Glenn Byram. At 7:30 p. m., preaching; prayer meeting and Bible study Thursday at 7:30 p. m.

solo, Myrtle Young; song, "My Dear Jerushy," May Worthy; "When Teacher Gets Cross," Julia Hyder; "National Defenders," Carita Deardorf; "The Little Boy Who Ran Away," Reynard Wells; instrumental number, James McMillan; song, boys of first four grades; "Receipt For a Racket," Bessie Teneick; "Is It You?" Bessie Grana; "Two Dreams," Pauline Rigio and Edwin Gothard; "Working for the Red Cross," Alma Kanawyer; song, girls of the upper grades; drill by the school, with Victor Weise as Uncle Sam; American boy, Albert Maddux; American girls, Vanono Worthy; French girl, Loye Wells; Belgian girl, Juliene Blaylock; Serbian girl, Bessie Grana; Armenian girl, Angie Grana. There is one good thought in this number of the program. The American boy desired to help other nations and called on Uncle Sam for advice, and that familiar old gentleman appeared with a locomotive, steamboat, food, etc. The American boy said they desired to crown someone king, and again called on Uncle Sam, and he promptly advised them to crown the cook, who was Gladys Mallett, and Albert gracefully placed the crown upon the brow of Gladys. H. O. Ensign, principal of the school, announced that the graduation exercises would be held at the church, the following Friday night, and that there would be better accommodations for the public. Miss Helena Dimock and Miss Ruth Jordan, members of the school faculty, assisted in the preparations for the entertainment.

Red Cross.

The Red Cross headquarters are now located in the first house south of the blacksmith shop, donated by Mrs. Clemmens. The room is open every Thursday afternoon, and there is plenty of material and machines to work with, but there is urgent need of more workers. There are but few women who cannot spare one-half day of the week for this great humanitarian work, and it is believed when it is known there will be a general response to this call for aid in one of the noblest causes in the world today. Those who have not given of their time to this work should arrange to do so. A few have labored faithfully, but they are unable to do it all, and should not be asked or expected to do so. Do your share in making the world safe for democracy.

Returned From Lindsay.

Charles Promenchenkel returned from Lindsay, Saturday of last week, where he spent two weeks on his 10-acre tract, five miles from Lindsay, preparing the land for orange trees. Mr. Promenchenkel has owned this land for 10 years, and lately had thought some of disposing of it, but he decided he might as well have an orange grove as anyone else, and he will return in about three weeks and set valencia trees. He states that the desert district is ahead of any locality in Southern California for orange growing, the fruit ripening earlier and being sweeter than in the Southland. There is no scale and no occasion for smudging.

Left for North.

Mr. and Mrs. Andrew L. Worthy left Wednesday morning for Glen county, where Mr. Worthy recently purchased 40 acres of land, near the Sacramento river, not far from Orleans. They made the trip in their machine, accompanied by their daughter, May, and expect to be absent about three weeks. Mr. and Mrs. Worthy will move to their new home some time in September or October. Their land is about 150 miles north of Sacramento, and is good bean land.

To Our Customers

As a war measure, and in line with suggestions of the National Council of Defense, we find that we must eliminate all unnecessary calls and deliveries.

The laundry confronts the problem of continued efficient service in the face of greatly increased costs of production in all departments. One of the main cost items is that of delivery, and when to this is added repeated calls by the driver for bundles not ready the first time, and to collect small amounts from customers who did not pay for their work when delivered, a hardship is placed upon the laundry as well as upon the driver, who must give the time for such extra calls.

In view of these facts we must earnestly request our customers to co-operate with us; TO HAVE THEIR BUNDLES READY UPON THE REGULAR PICK-UP DAY AND TO PAY CASH FOR ALL WORK UPON DELIVERY.

This request is in no way a reflection upon the integrity or the financial standing of any customer; it is issued solely as a stimulus to the efforts of a few who have been thoughtlessly negligent in preparing their bundles and making their payments.

Very truly yours,

Splendid Entertainment.

The entertainment given in Bradbury's hall, Friday evening of last week, under the auspices of the Junior Red Cross of the Ocean View school, was an unequalled success from beginning to end, and reflects considerable credit upon those having charge of the affair, as there is always a tremendous amount of work involved in staging such events. As the school term closed last week, the faculty had an especially busy week with the examinations and other matters incident to the closing period, coupled with the preparatory work for the entertainment. There was a large attendance, and each number of the program was thoroughly enjoyed. Some of those present were from Huntington Beach, Talbert and Westminster. Miss Ethel Dwyer of the faculty was in charge of the affair and did most of the accompanying on the piano, Alice Roberts sharing the work with her. Those entitled to special mention for their work are Mabel Gardner, May Worthy and Alma Kanawyer. Mabel spoke in an interest-

ingly clear tone of voice that carried well, and did not have to be prompted. May has a good voice for a child of her age. Alma was as cool while performing her number as a whole patch of cucumbers. The great feature of the evening, however, was the appearance of James McMillan with his bagpipe, being encored until some of those in the audience had sore hands. He responded to the prolonged handclapping, and said he would have to go up his sleeve for something. He drew forth a tin whistle, which he manipulated like a veteran piccolo player, much to the delight of his auditors. The school has a good chorus with some natural voices above the average. The program follows: Flag Salute and singing of "America," "The Flag On Every School House," George Coker; "The Soldier Man," Morris Stockton; Song, girls of the first four grades; "Where the Mince Pie Grows," Edgar Roberson; "My Brother Will," Mabel Gardner; "Flag Day," Flossie Draper; "Slumber Song," girls of the first four grades; "Old Glory," Fred McMillan; violin

FRED GALLIENNE WRITES
FROM CAMP LEWIS.

Editor H. B. News:

Dear Sir: Just a few lines to show that I have not forgotten my friends at Huntington Beach, for every day I wonder what is doing back home.

Just a month today since I have been in the service of Uncle Sam, and I might say that I have had a number of experiences in that time—not all of them being pleasant.

The draft quota of April, ten thousand of them here at Camp Lewis, were fully equipped inside of three weeks, and were reviewed by Major-General Greene, the commanding general of Camp Lewis. A number of Civil War veterans were here, besides members of the W.R.C. and Daughters of Veterans, and we sang for them "The Battle Hymn of the Republic," "Tenting Tonight," "Uncle Sammie" and "Over There."

Last Monday I had the good fortune of being transferred to the Medical Corps, and am now stationed at Infirmary No. 7. Another man besides myself is a registered pharmacist, so one week one works in the dispensary while the other works in the sick call room, and vice versa. The work is not heavy in this line of work, but we will obtain a good deal of practical experience.

This is the greatest country I ever saw for rain, for it seems to be an everyday occurrence. If some day it does not happen to rain, we begin to wonder what the trouble is. But the weather is nicer now than when first we came up.

I have only received one copy of the News since I have been here. I do not know why I have not received any more, but presume it is due to the uncertainty of the mails and my change of address.

With best wishes to all of my friends, I am,
Very truly,
P. F. GALLIENNE,
Infirmary No. 7, 166th Depot Brigade,
Camp Lewis, American Lake, Wash.

THE MEMORIAL DAY EXERCISES ENJOYED

LARGE ATTENDANCE DURING THE DAY.

SERVICE FLAG IS DEDICATED

Long Parade in the Morning; Children Cast Flowers On Water From Pier; Graves of Veterans Decorated.

Memorial Day was fittingly celebrated in Huntington Beach, and it might be truthfully stated that at no place in the entire country were such services held with a greater sincerity of purpose than which prevailed here on that occasion.

The new decorations were in place for the first time and reflected great credit upon the women who made them from the material supplied by the Chamber of Commerce. The flag pole was erected Wednesday afternoon by workmen under the direction of E. E. French, president of the Chamber and board of city trustees, assisted by several prominent citizens.

T. B. Talbert was grand marshal of the day and appeared to good advantage. He rode his dashing steed out on the pier, being the first citizen to have performed this feat.

The school children that participated in the parade left the Grammar school at 9 o'clock, and marched down Palm avenue, and the procession was augmented along the line of march by the Huntington Beach municipal band, Grand Army of the Republic, Confederate veterans, Spanish-American War veterans, Daughters of Veterans, Woman's Relief Corps, Boy Scouts of Orange county.

The procession was headed by Comrade A. H. Thomas of Westminster, color bearer of the Huntington Beach Post, and Comrade M. B. VanFleet. Other members of the Post joined the procession at the bank, where they were resting in the lobby.

Casting of Flowers.

The long procession lined up on the pier, and Rev. J. Alvah Andrews, pastor of the Methodist church, South, of Talbert, delivered a short patriotic address, which left a profound impression upon those who heard it, and indicates that Rev. Andrews is one of the most brilliant young pastors of Southern California, who has a splendid future stored in the unfolding years. He is a man of exceptional personality, whose countenance is wreathed in sincerity.

A large quantity of flowers were cast upon the ever-receding billows of the Pacific, in commemoration of the heroes who rest in the ocean cemeteries.

A strong, fervent prayer was offered by Rev. Carl M. Ross, pastor of the Methodist church at Wintersburg.

Patriotic Drill By Students.

A splendid feature of the day's program were the patriotic drills by 20 boys and 20 girls of the Grammar school, and the boys of the High school cadets, under the command of Cecil McCoy.

The flag drill by the Grammar school pupils was directed by Supervising Principal Harold H. Campbell and Miss Mildred Mitchell, and was well rendered and frequently applauded. The drill shows a splendid spirit on the part of the faculty to co-operate with those in charge of public affairs.

The same may be said of the part taken by the High school. The cadets have been trained by Cecil, and when it is stated that the work only began six weeks ago, it may be considered remarkably good. Cecil has gained his knowledge of military work from manuals, and is entitled to considerable credit.

Those taking part in the flag drill were: Martha Koppl, Gertrude Skinner, Hazel Wardwell, Marguerite Clark, Irene Hodge, Blanche Sarrahere, William Adams, Malinda Spoonhaur, Ruth Brown, Annie Giesler, Bernice Ellis, Gladys Rennick, Rithma Pilgreen, Lorene Baker, Ruth Walker, Kathrine Onson, Halleen Stewart, Mildred Manning, Beulah Ellis, Helen Faye Snyder, John Masters, Bennie Page, Raymond Wilson, Donald Gilchrist, George Smith, Kenneth Snyder, Hugh Page, Leonard Williams, LaRue Moore, Ashley Davis, Wayne Gilchrist, Earl Cochran, James Lake, Ernest Delaney, Joseph Copeland, Charles Hazzard, Robert Allen, Robert Vidal, Max LaAgrosilliere, Chester Reno. Band accompaniment.

Graves Decorated.

Automobiles were furnished under the direction of John Kellie McDonald, secretary of the Chamber of Commerce, for all who desired to visit the cemetery, and a large number made the trip and paid their respects to those who have passed from this plane of existence.

Several hundred persons enjoyed a picnic dinner on the beach. Coffee, milk and sugar were provided, under the supervision of Mrs. Robert Graham.

assisted by Mrs. Robert Graham, Miss Julia French, Miss Fern Irwin and Miss Gladys Bollon.

Public Prayer Service.

It is certain that there never have been so many persons attended a prayer service at one time as were present in the Princess theatre, beginning at one o'clock. The house has a seating capacity of about 400, and was comfortably filled with those who desired to join in carrying out the suggestion of President Wilson to pray for the success of the cause of humanity. The meeting was conducted by Rev. R. I. McKee, pastor of the Methodist church; Rev. Floyd W. Farley of the Christian church, and Rev. C. Carey Willet of the Baptist. Volunteer prayers were called for, and several responded promptly.

Flags Unfurled.

The afternoon outdoor exercises were conducted at the intersection of Walnut and Main, the band stand having been moved over next to W. M. Adair's grocery store and seats were constructed in Walnut, east of Main.

Mr. French had charge, and appropriately welcomed the visitors to the city, and said that there was a twofold purpose—that of honoring both the heroic dead and living. He asked the audience to rise and uncover while Old Glory, that hung from the 57-foot flag pole at the street intersection, was unfurled. The old veterans were seated on the platform.

Mr. French introduced R. L. Bisby of Santa Ana, chairman of the Liberty Loan committee of Orange county, who delivered an address that shows him to be one of the constructive thinkers of the county, and one who leaves an indelible impression with his auditors. He said that there was absolutely no chance for the success of the German arms, as those in charge were not governed by principle; and any organization, no matter how efficient, would go down to defeat if not guided by higher ideals than those prevailing in Germany at this time.

He told of the great success of the Liberty Loan, and paid a high tribute to Judge Copeland, who had charge of the campaign in this district. Milton Bryan of Los Angeles delivered a scholarly address, paying a glowing tribute to the national administration and to the bravery of the young men who are defending the principles of free government, and to the parents that are making these sacrifices.

Mr. Bryan was a little late in arriving and many left and did not return in time to hear his splendid talk. He is a cousin of William Jennings Bryan, and is Assistant U. S. Attorney for the Southern California district.

While Mr. Bisby was talking the service flag was unfurled, and Mr. French read the names of the brave boys in the army and navy, there being 67. The flag given for the Liberty Loan was next unfurled to the breeze.

Songs were sung by the chorus of the Westminster school, directed by Mrs. Anna C. Campbell of the faculty; girls of the High school, and the ladies' quartet—Mrs. Copeland, Mrs. H. A. Bowman, Mrs. Paul C. Elfeld and Miss Turner.

The Sixty-seven Stars.

The following have enlisted in some branch of the service, for which the service flag was dedicated:

The Choice of
Those Who Know

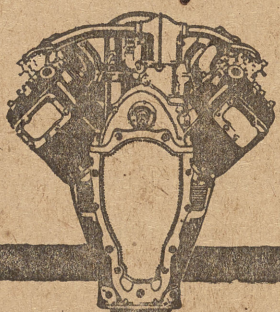

Manufacturers and leading motor car distributors recommend ZEROLENE. The majority of motorists use ZEROLENE. ZEROLENE reduces wear and gives more power because it keeps its lubricating body at cylinder heat. Gives less carbon because, being refined from selected California asphalt-base crude, it burns clean and goes out with exhaust.

ZEROLENE is the correct oil for all types of automobile engines. It is the correct oil for your automobile. Get our lubrication chart showing the correct consistency for your car.

The Standard Oil for Motor CarsCorrect Lubrication for the
"V"-Type Engine

This, the "V"-Type of automobile engine, like all internal combustion engines, requires an oil that holds its lubricating qualities at cylinder heat, burns clean in the combustion chamber and goes out with exhaust. Zerolene fills these requirements perfectly, because it is correctly refined from selected California asphalt-base crude.

MADAME PETROVA HERE
NEXT THURSDAY NIGHT

"The Silent Witness" For Saturday Night.

"THE DEVIL DODGER" THE ATTRACTION SUNDAY NIGHT.

Saturday Night.

"The Silent Witness" is a picturization of the famous play of that title, which enjoyed such a distinguished run on Broadway, New York, and was praised by the newspaper critics as the biggest drama since the celebrated "Madame X." With Gertrude McCoy as star, and a cast of exceptional strength, this super-feature, in six parts, was produced by the Authors Film Company under the supervision of Gerald F. Bacon.

"The Silent Witness" is a photoplay that is based on the play of that title by Otto Hauerbach, and its motive arises from the author's contention that a district attorney is as much the protector of the prisoner as the prosecutor for the people. This contention, in point of fact, is precisely that which formed an important plank in the platform of New York's district attorney, Edward Swann.

The story opens in Denver, where a young woman is engaged to a college student, who disappears after a dormitory fire, in which he is believed to have lost his life. Shortly thereafter a boy is born to the young woman, and she takes up her residence elsewhere.

The second portion of the story finds the young man—whose mother has taken the name of the missing student, Morgan—in college, kept there by the industry of the mother. Bud Morgan, the boy, is a fine chap; but in working his way through college he is subjected to mistreatment by wealthy fellow-students, one of whom has learned the secret of Bud's life.

In defending his mother's name, Bud fights with this youth and imagines that he has killed him. Arrested, Bud Morgan faces trial for his life and at the crucial moment the district attorney, returning from a vacation, takes the case. The district attorney, Richard Morgan, does not know that the defendant is his own son, nor does the boy suspect the relationship.

The development of the climax and the manner in which the author handles a situation in which mother, son and father figure is left to the last degree.

There will also be a government war picture shown.

Sunday Night.

Nobody knew why or how or when Fluffy came to Snowstorm. Her story began with the dance hall finery provided by Silent Scott as part of the haven which he gave the little girl of the mountains. How she struggled with a new-born soul, and finally led a rough man of the frontier into a better life, makes "The Devil Dodger," a new Triangle play, full of interest.

The West lends itself peculiarly to the play of emotion. Broad lines must be drawn on questions of right and wrong, where even in the dross surroundings of a gambler's saloon the light of a great love is not obscured. After a life of shallow pleasure, Fluffy was naturally attracted to a new-comer who spoke of spiritual things wonderfully strange to her. The minister pointed out the path of righteousness, and then, in the greatness of his love, sacrificed all for the sake of the little girl. His work was finished, for by saving Silent Scott, he had saved Snowstorm.

In addition, a Keystone comedy will be on the screen.

Thursday Night.

About all that is necessary to say about the bill for Thursday night is that Madame Petrova will appear in "The Undying Flame," backed by the reputation of the Famous Players. Madame Petrova is one of the great emotional actresses of her generation, and Manager Endicott is to be congratulated upon being able to present her to his patrons at the usual price.

Y.M.C.A. WORK.

The Los Angeles Young Men's Christian Association is making a large contribution to the United States war force, according to the annual report made by D. E. Luther, general secretary, last week.

More than 500 members of the Association have joined the colors of their country. Three secretaries are now in France and another will leave shortly. The association has given to the colors and war work 26 secretaries.

Yet in spite of war's demands the association work is progressing beyond expectation. The educational department has had a larger enrollment than in any year in its history. Men have taken courses from nearly every Western state and from many parts of the East.

Special courses will be run this summer to prepare men for government and commercial service in Wireless Telegraphy, Automobile Operating, Higher Accountancy, Bookkeeping, Stenography, Mining Engineering and Salesmanship.

HOW TO SAVE MORE GAS.

The Huntington Beach office of the Standard Oil Company has recently received a list of suggestions on methods to save more gasoline. These suggestions are recommended by the National Automobile Chamber of Com-

State Automobile Association. The rules not only save more gas but users of motor vehicles will be benefited personally and individually through more efficient and more economical operation of cars. Here are the rules:

1. Store gasoline in underground steel tanks.
2. Use measuring pump and hose. They prevent loss by fire, evaporation and spilling.
3. Don't spill or expose gasoline to air—it evaporates rapidly and is dangerous.
4. Don't use gasoline for cleaning and washing—use kerosene or other materials to cut grease.
5. Stop all gasoline leakage. Form habit of shutting off gas at tank or feed pipe.
6. Adjust brake bands so they do not drag. See that all bearings run freely.
7. Don't let the engine run when car is standing. It is good for starter battery to be used frequently.
8. Have carburetors adjusted at service stations of carburetor or automobile companies—they will make ordinary adjustments without charge.
9. Keep needle valve clean and adjust carburetor (while engine is hot) to use as lean a mixture as possible. A rich mixture fouls the engine and is wasteful.
10. Pre-heat air entering carburetor and keep radiator covered in cold weather—this will insure better vaporization.
11. See that spark is timed correctly with engine and drive with spark fully advanced—a late spark increases gas consumption.
12. Have a hot spark, keep plugs clean and spark points properly adjusted.
13. Avoid high speed. The average car is most economical at 15 to 25 miles an hour.
14. Don't accelerate and stop quickly—it wastes gas and wears out tires. Stop engine and coast long hills.
15. Cut down aimless and needless

in one trip.

16. Know your mileage per gallon. Fill tank full and divide odometer mileage by gallons consumed.

No other bluing equals Red Cross Ball Blue. Makes the laundress happy. All grocers.
